

INDIAN INSTITUTE OF TECHNOLOGY, DELHI

Department of Textile Technology

NOTICE INVITING QUOTATIONS

Quotations are hereby invited from Vendors for the supply of a 'Light Scanner for Textile Applications'. This is with respect to NIQ published earlier in IITD website (Tender no 3915, published on 30-12-2013) and subsequently extended for submission (published on 20-01-2014).

After examining the technical bids, range of equipments available and user requirements, the technical committee felt that any image capture CCD camera resolution of 1.2 Mega Pixels and above will be acceptable. It was decided that an opportunity for all the vendors who have quoted earlier plus any new vendor who meets the criteria will be allowed to submit quotations. In case no change is there, there is no further action. The last date for submission of quotation is extended up to 4th March 2014, 3.00 pm. Quotes submitted earlier will remain valid unless instructions to the contrary issued by the vendor.

The NIQ published earlier is reproduced below:

Quotations are hereby invited from Vendors for the supply of a 'Light Scanner for Textile Applications' for the measurement of fibre orientation in nonwoven, roughness & waviness evaluation of textile structures (nonwovens, wovens and knitted) with the following specifications:

Field of view and resolution: Field of view- 0.7 mm x 0.7 mm to 20 mm x 20 mm or more;
Minimum x-y resolution- 2 µm; Minimum z resolution – 0.2 µm;

Measuring time/sampling rate: 10s or better

Light source: LED lamp or Strip light projection, fringe projection.

Image capture: CCD camera (2 Mega pixels & above) with power supply.

Software and display

Software to obtain xyz and xy cloud data and capability to evaluate fibre orientation in xy-plane, various statistical information of peak profiles and 2D and 3D roughness values.

Facility to transfer and store the cloud data for external data processing

Graphical display of roughness and waviness of textile structures and storage of the same for reproduction.

Display obtained 3D images on screen with xyz scale.

Thickness and topological evaluation of textile materials under different compressive loads: Number of peaks/valleys, peak density, average peak height, average thickness, height of lowest & highest peaks, peak to peak distance, peak volume and peak area.

Computer with monitor to control the measurements, display, data processing and storage of data and images.

In built stand to place sample, camera, light source to get required field of view.

Terms & Conditions

- 1) Please submit the TECHNICAL and FINANCIAL bids in separate sealed envelopes. Mark the two envelopes clearly as “Technical Bid” and “Financial Bid”. Both the sealed envelopes should be sent in a single sealed envelope, with clearly marked as ‘Light Scanner for Textile Applications’ due on 5/02/2014”. The quote should reach the following address on or before 5th February, 2014, by 5 PM.
Prof. R. S. Rengasamy
Department of Textile Technology
Indian Institute of Technology (IIT Delhi)
Hauz Khas, New Delhi – 110016.
- 2) In case of import supply the price should be quoted on FOB basis only
- 3) The quotations should be in Indian Rupees or international currency wherever possible and be valid for at least three months.
- 4) Please attach all the technical literature and a list of similar installations done in India and abroad with complete contact address.
- 5) Standard warranty details should be provided and in this case the warranty should be at least for three years.
- 6) Payment should be through irrevocable letter of credit.
- 7) If the quote is being submitted by the representative of the Principals/manufacturer themselves, a valid Agency ship/Dealership Certificate authorizing the agent to quote to IIT Delhi on behalf of the Principals should be enclosed.
- 8) Complete set of manuals for the operation of equipment should be given.
- 9) Clearly specify the installation requirements—such as space, power, frequency, environment (Temperature and humidity) etc.

- 10) If the items quoted are proprietary in nature, please enclose proprietary certificate from the principals stating “certified that _____ is a proprietary item of M/s. _____ and no other manufacturer makes these items.
- 11) If the bidder is an Indian agent, the agency certificate should be enclosed.
- 12) Please produce compliance certificate for the specification.
- 13) Training should be provided free of cost.
- 14) Delivery period should be specifically mentioned and should be as small as possible.
- 15) The products will be used for educational purposes. Hence any applicable institutional discounts should be offered and stated.
- 16) Institute reserves the right to accept or reject any or all the quotations without assigning reason thereof.
