NIQ for Microwave Probe (PLN03/CARE – date extended)

Feb 8, 2016

The following are the requirements:

Microwave co-planar waveguide (CPW) probes (2 nos) are required with the following specifications:

1. Frequency range : upto 110 GHz.
2. Pitch (G-S spacing) : 150 microns.
3. Interface : 1mm (W-type) co-axial connector.

Since probing uses 2 probes which should be identical, the probe should have RF and mechanical properties identical to the 'I110-GSG-150' connector presently in use in the probe station at CARE.

General Terms and conditions:

1. Vendors are requested to send their quotes (technical specs and prices separately) to the office of Prof A Basu , C.A.R.E. I.I.T. Delhi-110016, before 5 pm, Feb 16, 2016.
2. Quote should contain terms of payment, and should be valid for at least 90 days.
