Sealed quotations are invited for STRAIN INDICATOR-10 CHANNELS
Technical specifications are:
- 10 measuring channels
- Sensor output: 10 V or 2 V
- Power output for transducers excitation: 10 V.
- Individual jumper setting of type of transducer (differential or single ended)
- A/D converter ± 32000 divisions
- Individual trimmer adjustment of 0 point and slope (gain)
- Easy operation by function keys and numerical keypad
- Single channel and all channels zeroing always available
- Two data storage criteria: time interval and/or reading variation interval
- Real time and delayed data downloading
- Programmable warning thresholds max/min
- Start/Stop function activated by keyboard or by external trigger

The NIQ should be addressed to Prof. K. S. Rao and to be submitted to Department of Civil Engineering, IIT Delhi, Hauz Khas, New Delhi – 110016, India latest by 5.00 pm on October 19th 2012. Interested parties are required to submit their technical and commercial bids in separately sealed envelopes and marked respectively as “Technical Bid” and “Commercial Bid” on the outside. Price should be quoted to CIF New Delhi. (IIT Delhi). The validity of quotation should be at least three months.
