**Chairman Purchase Committee**  
(Buyer Member)
Instructions for Online Bid Submission/ ऑनलाइन बोली (बिड) के लिए निर्देश:

As per the directives of Department of Expenditure, this tender document has been published on the Central Public Procurement Portal (URL: http://eprocure.gov.in/eprocure/app). The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

More information useful for submitting online bids on the CPP Portal may be obtained at:
http://eprocure.gov.in/eprocure/app

REGISTRATION

1) Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: http://eprocure.gov.in/eprocure/app) by clicking on the link “Click here to Enroll”. Enrolment on the CPP Portal is free of charge.

Upon enrolment, the bidders will be required to choose a unique username and assign a password for their accounts.

2) As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.

3) Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.

4) Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / TCS / nCode / eMudhra etc.), with their profile.

5) Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse.
6) Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / eToken.

Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / eToken.

SEARCHING FOR TENDER DOCUMENTS/ निविदा दस्तावेजों के लिए खोजना

1) There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords etc. to search for a tender published on the CPP Portal.

2) Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective ‘My Tenders’ folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.

3) The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

PREPARATION OF BIDS / बोली (विड) की तैयारी

1) Bidder should take into account any corrigendum published on the tender document before submitting their bids.

2) Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.

कृपया बोली के भाग के रूप में जमा किए जाने वाले दस्तावेजों को समझने के लिए निविदा विविधता और निविदा दस्तावेज ध्यान से देखें। कृपया उन अंकों की संख्या पर ध्यान दे जिन में बोली दस्तावेज जमा करना है, दस्तावेजों की संख्या - जिसमें प्रत्येक दस्तावेज के नाम और सामग्री शामिल हैं, जिन्हें प्रस्तुत करने की आवश्यकता है। इनमें से कोई भी बिचल बोली को अस्वीकार कर सकता है।
3) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF formats. Bid documents may be scanned with 100 dpi with black and white option.

बोलीदाता, अधिग्रह में, निविदा दस्तावेज / अनुसूची में बताए अनुसार प्रस्तुत करने के लिए बोली दस्तावेज तैयार करना चाहिए और आम तौर पर, वे पीडीएफ / एक्सएसएलएस / आरएआर / डाइवल्यूएफ स्वरूप में हो सकते हैं। बोली दस्तावेजों को 100 डीपीईआई के साथ काले और सफेद विकल्प स्वीकार किया जा सकता है।

4) To avoid the time and effort required in uploading the same set of standard documents which are required to be submitted as a part of every bid, a provision of uploading such standard documents (e.g. PAN card copy, annual reports, auditor certificates etc.) has been provided to the bidders. Bidders can use “My Space” area available to them to upload such documents. These documents may be directly submitted from the “My Space” area while submitting a bid, and need not be uploaded again and again. This will lead to a reduction in the time required for bid submission process.

मानक दस्तावेजों के एक ही सेट को अपलोड करने के लिए आवश्यक समय और प्रयास से बचने के लिए जो प्रत्येक बोली के भाग के रूप में जमा करने के लिए आवश्यक हैं, ऐसे मानक दस्तावेज अपलोड करने का प्रावधान (जैसे फैसल कार्ड कॉपी, वारिष्ठ रिपोर्ट, लेखा परीक्षण प्रमाण पत्र आदि) ) बोलीदाताओं को प्रदान किया गया है। ऐसे दस्तावेजों को अपलोड करने के लिए बोलीकर्ताओं उनके लिए उपलब्ध "मेरा स्पेस" क्षेत्र का उपयोग कर सकते हैं। बोली जमा करने समय ये दस्तावेज सीधे "मेरा स्पेस" क्षेत्र से जमा किए जा सकते हैं, और उन्हें बार-बार अपलोड करने की जरूरत नहीं है इससे बोली जमा प्रक्रिया के लिए आवश्यक समय में कमी आएगी।

SUBMISSION OF BIDS/ बोली (बिड) का जमा करना

1) Bidder should log into the site well in advance for bid submission so that he/she upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.

बोलीदाता को बोली प्रस्तुति के लिए अच्छी तरह से साइट पर लौंग इन करना चाहिए ताकि वह समय पर बोली अपलोड कर सके या फिर बोली प्रस्तुत करने के समय से पहले। अन्य मुद्दों के कारण किसी भी देरी के लिए बोलीदाता जिम्मेदार होगा।

2) The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.

बोलीदाता को निविदा दस्तावेज में दर्शाए अनुसार एक-एक करके आवश्यक बोली दस्तावेजों को डिजिटल हस्ताक्षर और अपलोड करना होगा।

3) Bidder has to select the payment option as “on-line” to pay the tender fee / EMD as applicable and enter details of the instrument. Whenever, EMD / Tender fees is sought, bidders need to pay the tender fee and EMD separately on-line through RTGS (Refer to Schedule, Page No.2).

बोलीदाता को निविदा शुल्क / इंग्जी बोली बुधतान के लिए "ऑन लाइन" के रूप में बुधतान विकल्प चुनना होगा और उपकरण का विवरण दर्ज करना होगा। जब बी, इंग्जी / निविदा शुल्क की मांग की जाती है, बोलीदाताओं को टेंडर शुल्क और इंग्जी अलग-अलग आरटीजीप्स के माध्यम से ऑन लाइन पर बुधतान करने की आवश्यकता होती है (अनुसूची, पेज 2 देखें)।

4) A standard BoQ format has been provided with the tender document to be filled by all the bidders. Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. Bidders are required to download the BoQ file, open it and complete the white colored (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BoQ file is found to be modified by the bidder, the bid will be rejected.

एक मानक BoQ प्राप्त को सभी बोलीदाताओं द्वारा भरने के लिए निविदा दस्तावेज प्रदान किया गया है। बोलीदाताओं को इस बात का ध्यान रखना चाहिए कि उन्हें आवश्यक प्राप्त में अपनी वित्तीय बोली जमा करनी चाहिए और कोई अन्य प्राप्त स्वीकार नहीं है। बोलीकर्ताओं को BoQ फाइल को डाउनलोड करने, इसे खोलने और अपने संबंधित वित्तीय उद्देश्य और अन्य विवरण (जैसे
5) The server time (which is displayed on the bidders’ dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.

6) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128 bit encryption technology. Data storage encryption of sensitive fields is done.

7) The uploaded tender documents become readable only after the tender opening by the authorized bid openers.

8) Upon the successful and timely submission of bids, the portal will give a successful bid submission message & a bid summary will be displayed with the bid no. and the date & time of submission of the bid with all other relevant details.

9) Kindly add scanned PDF of all relevant documents in a single PDF file of compliance sheet.

ASSISTANCE TO BIDDERS / बोलीदाता को सहायता

1) Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority for a tender or the relevant contact person indicated in the tender.

2) Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk. The contact number for the helpdesk is 1800 233 7315.

General Instructions to the Bidders / बोलीदाता के लिए सामान्य निर्देश
1) The tenders will be received online through portal [http://eprocure.gov.in/eprocure/app](http://eprocure.gov.in/eprocure/app). In the Technical Bids, the bidders are required to upload all the documents in .pdf format.

2) Possession of a Valid Class II/III Digital Signature Certificate (DSC) in the form of smart card/e-token in the company’s name is a prerequisite for registration and participating in the bid submission activities through [https://eprocure.gov.in/eprocure/app](https://eprocure.gov.in/eprocure/app). Digital Signature Certificates can be obtained from the authorized certifying agencies, details of which are available in the web site [https://eprocure.gov.in/eprocure/app](https://eprocure.gov.in/eprocure/app) under the link “Information about DSC”.

3) Tenderer are advised to follow the instructions provided in the ‘Instructions to the Tenderer for the e-submission of the bids online through the Central Public Procurement Portal for e Procurement at [https://eprocure.gov.in/eprocure/app](https://eprocure.gov.in/eprocure/app).
NOTICE INVITING QUOTATIONS

Subject: Purchase and installation of a centralized gas detection and alarm system

Invitation for Tender Offers
Indian Institute of Technology Delhi invites online Bids (Technical bid and Commercial bid) from eligible and experienced OEM (Original Equipment Manufacturer) OR OEM Authorized Dealer for supply, installation & integration of a centralized gas detection and alarm system with (warranty period as stated at page #1 of this tender) on site comprehensive warranty from the date of receipt of the material as per terms & conditions specified in the tender document, which is available on CPP Portal http://eprocure.gov.in/eprocure/app

TECHNICAL SPECIFICATION:

<table>
<thead>
<tr>
<th>S. No.</th>
<th>Item</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1.    | Usage and number      | Requirement of a centralized gas detection system for multiple gases. The detection system is to be installed in the lab and must be in relay with an audio visual alarm in case of any gas leak. Various detectors should be able to detect the following gases in the laboratory:  
  H₂ (1 nos.)  
  CO (1 nos.)  
  NH₃ (1 nos.)  
  H₂S (1 nos.)  
  NO (1 nos.)  
  NO₂ (1 nos.) |
| 2.    | Range of detection    | H₂: 0 to 1000 ppm  
  CO: 0 to 100 ppm  
  NH₃: 0 to 100 ppm  
  H₂S: 0 to 40 ppm  
  NO: 0 to 100 ppm  
  NO₂: 0 to 12 ppm |
| 3.    | Detector details      | It must be a fixed point gas detector with an electrochemical sensor.  
  It must be immune to any radio frequency interference or any disturbances due to a radioactive source in the lab. |
| 4.    | Transmitter           | It must have 4-20 mA output. It should perform digital communications via Modbus®, TCP Ethernet, Power over Ethernet (PoE). The transmitter must have a password protected menu to preserve the system integrity. It must be immune to any radio frequency interference or any disturbances due to a radioactive source in the lab. |
|   | Relay outputs | It must have 2 relays for the alarm outputs and 1 for the fault identification. In case of a fault in the transmitter, the fault relay must be triggered. The 3 relays for Alarm 1, Alarm 2 and Fault must be rated 30 VDC, 1 A or 125 VAC, 0.5 A. The relays must have configurable terminals (NO or NC), and should be of the latched or unlatched type. |
|   | Sensor cartridges | The sensor cartridges should have a life time of at least 2 years. The sensors must have pre calibrated ‘plug-and-play’ cartridges which should be easy to replace without any specific tools. A message/indication should be displayed indicating the need of replacement of the cartridge. |
|   | Display | The display must comprise of bright LEDs to indicate the status of the instrument and a large backlit LCD display to show the current gas concentrations. The LCD display must comprise of a 4 digit alphanumeric display, along with a display of units separately, and a flow rate bar graph. |
|   | Calibration | The sensors must be factory calibrated. The sensor cartridge must be provided with an e-calibration certificate. |
|   | Gas sampling | The gas sampling must be done by an ‘in-built’ robust extractive pump which works 24 hours a day, 7 days a week. The pump should be able to sample gases present at a distance of 15 m from the pump. The pump must sample at a flow rate of >=400 ml/min. An in-line filter should be provided for each gas sampling pump. |
|   | Training simulator tool | It should have an interactive training simulator tool. |
|   | Data logging | Event logging must be possible and one must be able to review sensor history and calibration history. The system must have a keyboard interface along with a remote web browser interface. |
|   | Mounting and material of construction | The detector needs to be mounted on the wall near the gas cylinders using a din rail or a vertical bracket mounting. The chassis / mounting bracket must be made of zinc plated steel. |
|   | Control panel | The control panel must have 8 channels with 4-20 mA analog input. It should have a sizeable touchscreen display (greater than or equal to 7 inches) with a human machine interface. The channel number with the corresponding process value (gas concentration) should be displayed. It must have a sufficient storage memory (greater than or equal to 10 MB) to store data. The alarm outputs must be for rising as well as the falling type. There should be a suitable alarm indication for all the detectors on the control panel, and the alarm history of the individual detectors should be available and accessible through this panel. There must be an auto dial facility to send a text message to at least 10 people in case of an alarm. Output for the control panel should be through the MODBUS RTU RS232/485, so that it could be connected to the building management system (BMS) whenever required. The panel must be wall mounted and must be made of a good insulating material like polycarbonate ABS IP5. |
|   | Safe area horn and strobe | The alarm unit must have variable candela settings (at least 3) and variable alarm tones. |
| 15. | **Electrical utilities and connections** | A well-insulated flexible copper cable of a reputed make must be used. The conductor in the cable must comprise of multi-stranded flexible copper having a minimum of 3 cores and a minimum cross-sectional area of 1.5 sq. mm. |
| 16. | **Installation, commissioning and acceptance** | The installation should be in vendor scope and must be carried out safety and responsibly by employing the required equipment for installation and skilled individuals. All the accessories and materials involved in the installation of the gas detection system, namely the cable, casing, cable trays, mounting channels etc. should be of a reputed make and should be in the scope of the vendor. |
| 17. | **Distance of the controller from sensor** | The controller and the sensor would be placed in the same room. The distance of the controller location from the sensor would be approximately 40 feet. |
| 18. | **Certification required** | Should be CE marked Should meet EN 50270:2006 (Type 2) and EN 61000-6-4:2007 Should be ETL approved UL 61010-1 Ed:3 IEEE 802.3af-2003 certifications Brochure indicating these certifications to be provided. |
| 19. | **Prior installations** | The bidder should have installed at least 2 such “centralized gas detection systems” in the past 2 years (Dec ‘18 – Nov ‘20). The necessary copies of purchase orders or installation & commissioning certificates should be enclosed with the technical bid. At least one ‘performance certificate’ confirming the reliable operation of one such system should be enclosed. |
| 20. | **Bidder details** | The bidder needs to be either an OEM or an authorized distributor. A certificate for the same needs to be provided. |

**Specific terms and conditions**

- A statement of compliance of quoted product with respect to the desired specifications mentioned above should be included as a part of the technical bid. The product specification data sheets/brochures must be enclosed in support of the compliance statement. Deviations in technical specifications, if any, should be clearly stated. **In the technical compliance statement, you need to mention the actual specification of the material in addition to writing a Yes or a No.**

A complete set of tender documents* may be Download by prospective bidder free of cost from the website [http://eprocure.gov.in/eprocure/app](http://eprocure.gov.in/eprocure/app). Bidder has to make payment of requisite fees (i.e. Tender fees (if any) and EMD) online through RTGS/NEFT only.
## Terms & Conditions Details

<table>
<thead>
<tr>
<th>Sl. No.</th>
<th>Specification</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td><strong>Due date</strong>: The tender has to be submitted on-line before the due date. The offers received after the due date and time will not be considered. No manual bids will be considered.</td>
</tr>
<tr>
<td>2.</td>
<td><strong>Preparation of Bids</strong>: The offer/bid should be submitted in two bid systems i.e. Technical bid and Financial bid. The Technical bid should consist of all technical details along with commercial terms and conditions. Financial bid should indicate item wise price for the items mentioned in the technical bid in the given format i.e BoQ_XXXX. The Technical bid and the financial bid should be submitted Online. <strong>Note</strong>: Comparison of prices will be done ONLY on the bids submitted for the Main Equipment and anything asked as ‘Optional’ in the specs is not to be included for overall comparison.</td>
</tr>
<tr>
<td>3.</td>
<td><strong>EMD (if applicable)</strong>: The tenderer should submit an EMD amount through RTGS/NEFT. The Technical Bid without EMD would be considered as UNRESPONSIVE and will not be accepted. The EMD will be refunded without any interest to the unsuccessful bidders after the award of contract. Refer to Schedule (at page 1 of this document) for its actual place of submission.</td>
</tr>
<tr>
<td>4.</td>
<td><strong>Refund of EMD</strong>: The EMD will be returned to unsuccessful Tenderer only after the Tenders are finalized. In case of successful Tenderer, it will be retained till the successful and complete installation of the equipment.</td>
</tr>
<tr>
<td>5.</td>
<td><strong>Opening of the tender</strong>: The online bid will be opened by a committee duly constituted for this purpose. Online bids (complete in all respect) received along with EMD (if any) will be opened as mentioned at “Annexure: Schedule” in presence of bidders representative if available. Only one representative will be allowed to participate in the tender opening. Bid received without EMD (if present) will be rejected straight way. The technical bid will be opened online first and it will be examined by a technical committee (as per specification and requirement). The financial offer/bid will be opened only for the offer/bid which technically meets all requirements as per the specification, and will be opened in the presence of the vendor’s representatives subsequently for further evaluation. The bidders if interested may participate on the tender opening Date and Time. The bidder should produce authorization letter from their company to participate in the tender opening.</td>
</tr>
<tr>
<td>6.</td>
<td><strong>Acceptance/ Rejection of bids</strong>: The Committee reserves the right to reject any or all offers without assigning any reason.</td>
</tr>
</tbody>
</table>
| 7. | **Pre-qualification criteria**:  
   (i) Bidders should be the manufacturer / authorized dealer. Letter of Authorization from original equipment manufacturer (OEM) on the same and specific to the tender should be enclosed.  
   (ii) An undertaking from the OEM is required stating that they would facilitate the bidder on a regular basis with technology/product updates and extend support for the warranty as well. (Ref. Annexure-II)  
   (iii) OEM should be internationally reputed Branded Company.  
   (iv) Non-compliance of tender terms, non-submission of required documents, lack of clarity of the specifications, contradiction between bidder specification and supporting documents etc. may lead to rejection of the bid.  
   (v) In the tender, either the Indian agent on behalf of the Principal/OEM or Principal/OEM itself can bid but both cannot bid simultaneously for the same item/product in the same tender.  
   (vi) If an agent submits bid on behalf of the Principal/OEM, the same agent shall not submit a bid on behalf of another Principal/OEM in the same tender for the same item/product. |
| 8. | **Performance Security**: The supplier shall require to submit the performance security in the form of irrevocable bank guarantee issued by any Indian Nationalized Bank for an amount which is stated at page #1 of the tender document within 21 days from the date of receipt of the purchase order and should be kept valid for a period of 60 days beyond the date of completion of warranty period. |
9. **Force Majeure:** The Supplier shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if and to the extent that, it’s delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

- For purposes of this Clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

- If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such conditions and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

10. **Risk Purchase Clause:** In event of failure of supply of the item/equipment within the stipulated delivery schedule, the purchaser has all the right to purchase the item/equipment from the other source on the total risk of the supplier under risk purchase clause.

11. **Packing Instructions:** Each package will be marked on three sides with proper paint/indelible ink, the following:

   i. Item Nomenclature
   ii. Order/Contract No.
   iii. Supplier’s Name and Address
   iv. Consignee details
   v. Packing list reference number

12. **Delivery and Documents:**

   Delivery of the goods should be made within a maximum of 08 weeks *(for goods ready for shipment)* & Maximum *(To be filled by Purchaser)* weeks *(For special/ to be fabricated goods)* from the date of the Purchase Order. Within 24 hours of shipment, the supplier shall notify the purchaser and the insurance company by email the full details of the shipment including contract number, railway receipt number/ AAP etc. and date, description of goods, quantity, name of the consignee, invoice etc. The supplier shall mail the following documents to the purchaser with a copy to the insurance company:

   1. 4 Copies of the Supplier invoice showing contract number, goods’ description, quantity
   2. unit price, total amount;
   3. Insurance Certificate if applicable;
   4. Manufacturer's/Supplier's warranty certificate;
   5. Inspection Certificate issued by the nominated inspection agency, if any
   6. Supplier’s factory inspection report; and
   7. Certificate of Origin (if possible by the beneficiary);
   8. Two copies of the packing list identifying the contents of each package.
   9. The above documents should be received by the Purchaser before arrival of the Goods (except where the Goods have been delivered directly to the Consignee with all documents) and, if not received, the Supplier will be responsible for any consequent expenses.

13. **Delayed delivery:** If the delivery is not made within the due date for any reason, the Committee will have the right to impose penalty 1% per week and the maximum deduction is 10% of the contract value / price.

14. **Prices:** The price should be quoted in net per unit (after breakup) and must include all packing and delivery charges.

   Price quoted should be in Indian Rupees, free delivery at IIT Delhi Campus at site (DDP/FOR).
Further, depending on the nature of the goods, there may be cost elements towards installation and commissioning, operator’s training, and so on. Normally, it may be included in the equipment cost but if it is quoted separately, the same will be added in the item price for the determination of ranking of the bidders.

The offer/bid should be exclusive of taxes and duties, which will be paid by the purchaser as applicable. However, the percentage of taxes & duties shall be clearly indicated. Necessary certificate will be issued on demand.

The Buyer/PFC will have the right to award contracts to different Bidders for being lowest in particular items.

For ranking of offers, price of complete scope of supply as detailed in technical specifications, the procuring authority/Purchaser may decide as follows for comparison of price bid -

(i) All items of the bid which are mandatorily required to meet the tendered specifications of the item/system

(ii) If a bidder has put certain items/modules which are required to meet the tendered specifications in the ‘optional’ part of the bid, then such optional items shall also be included for the purpose of price comparison

(iii) On the other hand, if a bidder has inadvertently included any item/module in its main price bid which is not required as per tender specifications, then the price of such item/module shall be excluded from the price comparison provided that the price for the said item/module is clearly reflected separately in the bid

(iv) Anything asked as ‘optional’ in our specs is not to be included for overall comparison

**Non-conformities between Figures and words:**

Sometimes, non-conformities/errors are also observed in responsive tenders between the quoted prices in figures and in words. This situation normally does not arise in case of e-Procurement. This should be taken care of in the manner indicated below:

(i) If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected.

(ii) If there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail and the total shall be corrected;

(iii) If there is a discrepancy between words and figures, the amount in words will prevail for calculation of price.

**15. Notices:** For the purpose of all notices, the following shall be the address of the Purchaser and Supplier.

**Purchaser:** Dr. Divesh Bhatia, Department of Chemical Engineering,
Indian Institute of Technology
Hauz Khas, New Delhi - 110016.

Indian Institute of Technology
Hauz Khas, New Delhi - 110016.
### Supplier:
(To be filled in by the supplier)

(Supplier should submit its supplies information as per Annexure-II).

<td>• In case of Dispute or difference arising between the Purchaser and a domestic supplier relating to any matter arising out of or connected with this agreement, such disputes or difference shall be settled in accordance with the Indian Arbitration &amp; Conciliation Act, 1996, the rules there under and any statutory modifications or re-enactments thereof shall apply to the arbitration proceedings. The dispute shall be referred to the Director, Indian Institute of Technology Delhi and if he is unable or unwilling to act, to the sole arbitration of some other person appointed by him willing to act as such Arbitrator. The award of the arbitrator so appointed shall be final, conclusive and binding on all parties to this order.</td>
</tr>
</tbody>
</table>

| 19. | **Applicable Law:** The place of jurisdiction would be New Delhi (Delhi) INDIA. |

---

14
20. **Right to Use Defective Goods:**
   If after delivery, acceptance and installation and within the guarantee and warranty period, the operation or use of the goods proves to be unsatisfactory, the Purchaser shall have the right to continue to operate or use such goods until rectifications of defects, errors or omissions by repair or by partial or complete replacement is made without interfering with the Purchaser’s operation.

21. **Supplier Integrity:**
   The Supplier is responsible for and obliged to conduct all contracted activities in accordance with the Contract using state of the art methods and economic principles and exercising all means available to achieve the performance specified in the contract.

22. **Training:**
   The Supplier is required to provide training to the designated Purchaser’s technical and end user personnel to enable them to effectively operate the total equipment.

23. **Installation & Demonstration:**
   The supplier is required to done the installation and demonstration of the equipment within one month of the arrival of materials at the IITD site of installation, otherwise the penalty clause will be the same as per the supply of materials.

   In case of any mishappening/damage to equipment and supplies during the carriage of supplies from the origin of equipment to the installation site, the supplier has to replace it with new equipment/supplies immediately at his own risk. Supplier will settle his claim with the insurance company as per his convenience. IITD will not be liable to any type of losses in any form.

24. **Insurance:**
   For delivery of goods at the purchaser’s premises, the insurance shall be obtained by the supplier in an amount equal to 110% of the value of the goods from “warehouse to warehouse” (final destinations) on “All Risks" basis including War Risks and Strikes. The insurance shall be valid for a period of not less than 3 months after installation and commissioning.

25. **Incidental services:**
   The incidental services also include:
   - Furnishing of 01 set of detailed operations & maintenance manual.
   - Arranging the shifting/moving of the item to their location of final installation within IITD premises at the cost of Supplier through their Indian representatives.

26. **Warranty:**
   (i) Warranty period shall be (as stated at page #2 of this tender) from date of installation of Goods at the IITD site of installation. The Supplier shall, in addition, comply with the performance and/or consumption guarantees specified under the contract. If for reasons attributable to the Supplier, these guarantees are not attained in whole or in part, the Supplier shall at its discretion make such changes, modifications, and/or additions to the Goods or any part thereof as may be necessary in order to attain the contractual guarantees specified in the Contract at its own cost and expense and to carry out further performance tests. The warranty should be comprehensive on site.

   (ii) The Purchaser shall promptly notify the Supplier in writing of any claims arising under this warranty. Upon receipt of such notice, the Supplier shall immediately within in 02 days arrange to repair or replace the defective goods or parts thereof free of cost at the ultimate destination. The Supplier shall take over the replaced parts/goods at the time of their replacement. No claim whatsoever shall lie on the Purchaser for the replaced parts/goods thereafter. The period for correction of defects in the warranty period is 02 days. If the supplier having been notified fails to remedy the defects within 02 days, the purchaser may proceed to take such remedial action as may be necessary, at the supplier’s risk and expenses and without prejudice to any other rights, which the purchaser may have against the supplier under the contract.

   (iii) The warranty period should be clearly mentioned. The maintenance charges (AMC) under different schemes after the expiry of the warranty should also be mentioned. The comprehensive warranty will commence from the date of the satisfactory
installation/commissioning of the equipment against the defect of any manufacturing, 
workmanship and poor quality of the components.

(iv) After the warranty period is over, Annual Maintenance Contract (AMC)/Comprehensive 
Maintenance Contract (CMC) up to next two years should be started. The AMC/CMC charges 
will not be included in computing the total cost of the equipment.

27. **Governing Language:**
The contract shall be written in English language. English language version of the Contract shall 
govern its interpretation. All correspondence and other documents pertaining to the Contract, which 
are exchanged by the parties, shall be written in the same language.

28. **Applicable Law:**
The Contract shall be interpreted in accordance with the laws of the Union of India and all disputes 
shall be subject to place of jurisdiction.

29. **Notices:**
- Any notice given by one party to the other pursuant to this contract/order shall be sent to the 
  other party in writing or by email and confirmed in writing to the other party’s address.
- A notice shall be effective when delivered or on the notice’s effective date, whichever is later.

30. **Taxes:**
Suppliers shall be entirely responsible for all taxes, duties, license fees, octroi, road permits, etc., 
incurred until delivery of the contracted Goods to the Purchaser. However, GST etc, in respect of the 
transaction between the Purchaser and the Supplier shall be payable extra, if so stipulated in the order.

For research purpose(s) ONLY, 5% GST will be applicable with concessional GST Certificate.

31. **Duties:**
IIT Delhi is exempted from paying custom duty under notification No.51/96 (partially or full) and 
necessary “Custom Duty Exemption Certificate” can be issued after providing following information 
and Custom Duty Exemption Certificate will be issued to the shipment in the name of the Institute, (no 
certificate will be issued to third party): The procured product should be used for teaching, scientific 
and research work only.

a) Shipping details i.e. Master Airway Bill No. and House Airway No. (if exists)
b) Forwarder details i.e. Name, Contact No., etc.

IIT Delhi is partially exempted from paying GST and necessary GST Exemption Certificate will be 
provided for which following information are required.
b) Quotation with details of Basic Price, Rate, Tax & Amount on which ED is applicable
c) Supply Order Copy
d) Proforma-Invoice Copy.

32. **Payment:**
100% payment shall be made by the Purchaser against delivery, inspection, successful installation, 
commissioning and acceptance of the equipment at IITD in good condition and to the entire 
satisfaction of the Purchaser and on production of unconditional performance bank guarantee as 
specified in Clause 8 of tender terms and conditions.

33. **User list:** Brochure detailing technical specifications and performance, list of industrial and 
educational establishments where the items enquired have been supplied must be provided. (Ref. 
Annexure-III)

34. **Manuals and Drawings:**
(i) Before the goods and equipment are taken over by the Purchaser, the Supplier shall supply 
operation and maintenance manuals. These shall be in such details as will enable the Purchaser to 
operate, maintain, adjust and repair all parts of the works as stated in the specifications.
(ii) The Manuals shall be in the ruling language (English) in such form and numbers as stated in the
(iii) Unless and otherwise agreed, the goods equipment shall not be considered to be completed for the purposes of taking over until such manuals and drawing have been supplied to the Purchaser.

35. **Application Specialist**: The Tenderer should mention in the Techno-Commercial bid the availability and names of Application Specialist and Service Engineers in the nearest regional office. (Ref. to Annexure-III)

36. **Site Preparation**: The supplier shall inform to the Institute about the site preparation, if any, needed for the installation of equipment, immediately after the receipt of the purchase order. The supplier must provide complete details regarding space and all the other infrastructural requirements needed for the equipment, which the Institute should arrange before the arrival of the equipment to ensure its timely installation and smooth operation thereafter.

The supplier shall visit the Institute and see the site where the equipment is to be installed and may offer his advice and render assistance to the Institute in the preparation of the site and other pre-installation requirements.

37. **Spare Parts**

The Supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the Supplier:

i. Such spare parts as the Purchaser may elect to purchase from the Supplier, providing that this election shall not relieve the Supplier of any warranty obligations under the Contract; and

ii. In the event of termination of production of the spare parts:

iii. Advance notification to the Purchaser of the pending termination, in sufficient time to permit the Purchaser to procure needed requirements; and

iv. Following such termination, furnishing at no cost to the Purchaser, the blueprints, drawings and specifications of the spare parts, if requested.

Supplier shall carry sufficient inventories to assure ex-stock supply of consumable spares for the Goods, such as gaskets, plugs, washers, belts etc. Other spare parts and components shall be supplied as promptly as possible but in any case within six months of placement of order.

38. **Defective Equipment**: If any of the equipment supplied by the Tenderer is found to be substandard, refurbished, un-merchantable or not in accordance with the description/specification or otherwise faulty, the committee will have the right to reject the equipment or its part. The prices of such equipment shall be refunded by the Tenderer with 18% interest if such payments for such equipment have already been made. All damaged or unapproved goods shall be returned at suppliers cost and risk and the incidental expenses incurred thereon shall be recovered from the supplier. Defective part in equipment, if found before installation and/or during warranty period, shall be replaced within 45 days on receipt of the intimation from this office at the cost and risk of supplier including all other charges. In case supplier fails to replace above item as per above terms & conditions, IIT Delhi may consider "Banning" the supplier.

39. **Termination for Default**: The Purchaser may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, terminate the Contract in whole or part:

i. If the Supplier fails to deliver any or all of the Goods within the period(s) specified in the order, or within any extension thereof granted by the Purchaser; or

ii. If the Supplier fails to perform any other obligation(s) under the Contract.

iii. If the Supplier, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

- For the purpose of this Clause:

i. "**Corrupt practice**" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.

ii. "**Fraudulent practice**" means a misrepresentation of facts in order to influence a
procurement process or the execution of a contract to the detriment of the Borrower,
and includes collusive practice among Bidders (prior to or after bid submission)
designed to establish bid prices at artificial non-competitive levels and to deprive the
Borrower of the benefits of free and open competition;”

- In the event the Purchaser terminates the Contract in whole or in part, the Purchaser may procure,
upon such terms and in such manner, as it deems appropriate, Goods or Services similar to those
undelivered, and the Supplier shall be liable to the Purchaser for any excess costs for such similar
Goods or Services. However, the Supplier shall continue the performance of the Contract to the
extent not terminated.

| 40. | **Downtime**: During the warranty period not more than 5% downtime will be permissible. For every
day exceeding permissible downtime, penalty of 1/365 of the 5% item value will be imposed.
Downtime will be counted from the date and time of the filing of complaint with in the business
hours. |

| 41. | **Training of Personnel**: The supplier shall be required to undertake to provide the technical training
to the personnel involved in the use of the equipment at the Institute premises, immediately after
completing the installation of the equipment for a minimum period of one week at the supplier’s
cost. |

| 42. | **Disputes and Jurisdiction**: Any legal disputes arising out of any breach of contract pertaining to
this tender shall be settled in the court of competent jurisdiction located within New Delhi. |

| 43. | **Compliancy certificate**: This certificate must be provided indicating conformity to the technical
specifications. (Annexure-I) |

| 44. | **As per Ministry of Finance, Deptt. of Expenditure, Public Procurement Division Order (Public
Procurement No.1) issued from file No.6/18/2019-PPD dated 23rd July, 2020 regarding
Restrictions under Rule 144 (xi) of the General Financial Rules (GFRs) 2017, it is directed that any
bidder from a country which shares a land border with India will be eligible to bid in any
procurement whether of goods, services (including consultancy services and non-consultancy
services) or works (including turnkey projects) only if the bidder is registered with the Competent
Authority i.e. the Deptt. for Promotion of Industry and Internal Trade (DPIIT). The said order will
not apply to bidders from those countries (even sharing a land border with India) to which the
Government of India has extended lines of credit or in which the Government of India is engaged in
development projects (updated lists of the countries are given in the Ministry of External Affairs)

“Bidder” (including the term ‘tenderer’, ‘consultant’ or ‘service provider’ in certain contexts) means
any person or firm or company, including any member of a consortium or joint venture (that is an
association of several persons, or firms or companies), every artificial juridical person not falling in
any of the descriptions of bidders stated hereinbefore, including any agency branch or office
controlled by such person, participated in a procurement process.

“Bidders from a country which shares a land border with India” for the purpose of this Order means:
i. A entity incorporated, established or registered in such a country; or
ii. A subsidiary of an entity incorporated, established or registered in such a country; or
iii. An entity substantially controlled through entities incorporated, established or registered in such
a country; or
iv. An entity whose beneficial owner is situated in such a country; or
v. An Indian (or other) agent of such an entity; or
vi. A natural person who is the citizen of such a country; or
vii. A consortium or joint venture where any member of the consortium or joint venture falls under
any of the above

The beneficial owner for the purpose of above will be as under: - |
1. In case of a company or Limited Liability Partnership, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has a controlling ownership interest or who exercise control through other means.

Explanation-
   a. “Controlling ownership interest” means ownership of or entitlement to more than twenty-five per cent of share or capital or profit of the company;
   b. “Control” shall include the right to appoint majority of the directors or to control the management of policy decisions including by virtue of their shareholding or management rights or shareholders agreements or voting agreements;

2. In case of a partnership firm, the beneficial owner is the natural person(s) who, whether acting alone or together, or through one or more juridical person, has ownership of entitlement to more than fifteen percent of capital or profits of the partnership;

3. In case of an unincorporated association or body of individuals, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has ownership of or entitlement to more than fifteen percent of the property or capital or profits of such association or body of individuals;

4. Where no natural person is identified under (1) or (2) or (3) above, the beneficial owner is the relevant natural person who holds the position of senior managing official;

5. In case of a trust, the identification of beneficial owner(s) shall include identification of the author of the trust, the trustee, the beneficiaries with fifteen percent or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

An agent is a person employed to do any act for another, or to represent another in dealings with the third person.

For Works contracts, including Turnkey contracts, the successful bidder shall not be allowed to sub-contract works to any contractor from a country which shares a land border with India unless such contractor is registered with the Competent Authority.

A certificate shall be submitted by bidders in the tender documents regarding their compliance with the said order. If the certificate submitted by a bidder whose bid is accepted is found to be false, this would be a ground for immediate termination and further legal action in accordance with law. Annexure VI (For Goods/ Services contracts)/ Annexure VII (For Works contracts, including Turnkey contracts)
## TECHNICAL SPECIFICATION

<table>
<thead>
<tr>
<th>S. No.</th>
<th>Item</th>
<th>Description</th>
<th>Technical specifications of the offered product</th>
<th>Compliance (Y/N)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Usage and number</td>
<td>Requirement of a centralized gas detection system for multiple gases. The detection system is to be installed in the lab and must be in relay with an audio visual alarm in case of any gas leak. Various detectors should be able to detect the following gases in the laboratory: H₂ (1 nos.) CO (1 nos.) NH₃ (1 nos.) H₂S (1 nos.) NO (1 nos.) NO₂ (1 nos.)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>2</td>
<td>Range of detection</td>
<td>H₂: 0 to 1000 ppm CO: 0 to 100 ppm NH₃: 0 to 100 ppm H₂S: 0 to 40 ppm NO : 0 to 100 ppm NO₂ : 0 to 12 ppm</td>
<td></td>
<td></td>
</tr>
<tr>
<td>3</td>
<td>Detector details</td>
<td>It must be a fixed point gas detector with an electrochemical sensor.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>4</td>
<td>Transmitter</td>
<td>It must have 4-20 mA output. It should perform digital communications via Modbus®, TCP Ethernet, Power over Ethernet (PoE). The transmitter must have a password protected menu to preserve the system integrity. It must be immune to any radio frequency interference or any disturbances due to a radioactive source in the lab.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>5</td>
<td>Relay outputs</td>
<td>It must have 2 relays for the alarm outputs and 1 for the fault identification. In case of a fault in the transmitter, the fault relay must be triggered. The 3 relays for Alarm 1, Alarm 2 and Fault must be rated 30 VDC, 1 A or 125 VAC, 0.5 A.</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>The relays must have configurable terminals (NO or NC), and should be of the latched or unlatched type.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>---</td>
<td>---</td>
<td>---</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6</td>
<td>Sensor cartridges</td>
<td>The sensor cartridges should have a life time of at least 2 years. The sensors must have pre calibrated ‘plug-and-play’ cartridges which should be easy to replace without any specific tools. A message/indication should be displayed indicating the need of replacement of the cartridge.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>7</td>
<td>Display</td>
<td>The display must comprise of bright LEDs to indicate the status of the instrument and a large backlit LCD display to show the current gas concentrations. The LCD display must comprise of a 4 digit alphanumeric display, along with a display of units separately, and a flow rate bar graph.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>8</td>
<td>Calibration</td>
<td>The sensors must be factory calibrated. The sensor cartridge must be provided with an e-calibration certificate.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>9</td>
<td>Gas sampling</td>
<td>The gas sampling must be done by an ‘in-built’ robust extractive pump which works 24 hours a day, 7 days a week. The pump should be able to sample gases present at a distance of 15 m from the pump. The pump must sample at a flow rate of &gt;=400 ml/min. An in-line filter should be provided for each gas sampling pump.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>10</td>
<td>Training simulator tool</td>
<td>It should have an interactive training simulator tool.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>11</td>
<td>Data logging</td>
<td>Event logging must be possible and one must be able to review sensor history and calibration history. The system must have a keyboard interface along with a remote web browser interface.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>12</td>
<td>Mounting and material of construction</td>
<td>The detector needs to be mounted on the wall near the gas cylinders using a din rail or a vertical bracket mounting. The chassis / mounting</td>
<td></td>
<td></td>
</tr>
<tr>
<td>13</td>
<td>Control panel</td>
<td>The control panel must have 8 channels with 4-20 mA analog input. It should have a sizeable touchscreen display (greater than or equal to 7 inches) with a human machine interface. The channel number with the corresponding process value (gas concentration) should be displayed. It must have a sufficient storage memory (greater than or equal to 10 MB) to store data. The alarm outputs must be for rising as well as the falling type. There should be a suitable alarm indication for all the detectors on the control panel, and the alarm history of the individual detectors should be available and accessible through this panel. There must be an auto dial facility to send a text message to at least 10 people in case of an alarm. Output for the control panel should be through the MODBUS RTU RS232/485, so that it could be connected to the building management system (BMS) whenever required. The panel must be wall mounted and must be made of a good insulating material like polycarbonate ABS IP5.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>14</td>
<td>Safe area horn and strobe</td>
<td>The alarm unit must have variable candela settings (at least 3) and variable alarm tones.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>15</td>
<td>Electrical utilities and connections</td>
<td>A well-insulated flexible copper cable of a reputed make must be used. The conductor in the cable must comprise of multi-stranded flexible copper having a minimum of 3 cores and a minimum cross-sectional area of 1.5 sq. mm.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>16</td>
<td>Installation, commissioning and acceptance</td>
<td>The installation should be in vendor scope and must be carried out safely and responsibly by employing the required equipment for installation and skilled individuals. All the accessories and materials involved in the installation of the gas detection</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
system, namely the cable, casing, cable trays, mounting channels etc. should be of a reputed make and should be in the scope of the vendor.

17 Distance of the controller from sensor
The controller and the sensor would be placed in the same room. The distance of the controller location from the sensor would be approximately 40 feet.

18 Certification required
Should be CE marked
Should meet EN 50270:2006 (Type 2) and EN 61000-6-4:2007
Should be ETL approved UL 61010-1 Ed:3
IEEE 802.3af-2003 certifications
Brochure indicating these certifications to be provided.

19 Prior installations
The bidder should have installed at least 2 such “centralized gas detection systems” in the past 2 years (Dec ‘18 – Nov ‘20). The necessary copies of purchase orders or installation & commissioning certificates should be enclosed with the technical bid. At least one ‘performance certificate’ confirming the reliable operation of one such system should be enclosed.

20 Bidder details
The bidder needs to be either an OEM or an authorized distributor. A certificate for the same needs to be provided.

I have also enclosed all relevant documents in support of my claims, (as above) in the following pages.

ANNEXURE-II

DECLARATION SHEET

We, _____________________________ hereby certify that all the information and data furnished by our organization with regard to this tender specification are true and complete to the best of our knowledge. I have gone through the specification, conditions and stipulations in details and agree to comply with the requirements and intent of specification.

This is certified that our organization has been authorized (Copy attached) by the OEM to participate in Tender. We further certified that our organization meets all the conditions of eligibility criteria laid down in this tender document. Moreover, OEM has agreed to support on regular basis with technology / product updates and extend support for the warranty.

The prices quoted in the financial bids are subsidized due to academic discount given to IIT Delhi.

ORIGINAL EQUIPMENT MANUFACTURER (OEM)
Manufacturing authorisation form (MAF)
(On Letter Head of Manufacturer)

ANNEXURE-V (Revised)

Tender No. :- ……………………………….. Date:- ……………

To
The Director,
Indian Institute of Technology Delhi,
New Delhi- 110016

Dear Sir,

We manufacture of original equipment at (…………………………..address of factory…………………………..) do hereby authorize M/s (Name and address of Agent) to submit a bid, negotiate and receive the order format against your tender enquiry.

M/s. ………………………………… is authorized to bid and conclude the contract in regard to this business.

We hereby extend our full guarantee and warranty as per clause …………………………… of the terms and conditions NIQ for the goods and services offered by the above firm.

Yours Faithfully,

(Name)

(Name & Seal of Manufacturers)

Note: -

1. **Items of indigenous nature or quoted in INR**, more than 1 authorized representative may participate in the same tender and submit their bids on behalf of their OEM/Principal/Manufacturer if the OEM permits more than one authorized bidder in such case as per their policy.

2. **In cases of agents quoting in offshore procurements**, on behalf of their principal manufacturers, one agent cannot represent two manufacturers or quote on their behalf in a particular tender enquiry. **One manufacturer can also authorize only one agent/dealer**

3. The letter of authority should be on the letterhead of the manufacturer and should be signed by a person competent and having the power of attorney to bind the manufacturer. The same should be included by the bidder in its techno-commercial unpriced bid.
(Annexure-VI)
