**Notice inviting quotations for
upgrades to an existing 6 GHz Spectrum Analyzer**

Sealed quotations are invited for upgrades to an existing 6 GHz Spectrum Analyzer. The existing instrument is a 6 GHz N9912A Fieldfox RF Analyzer. The required specifications are given below. The purchase will be made through a two part bidding process. Technical and Financial bids have to be made separately. Complete technical information should be provided along with the Technical bid. Please refer to the last page on Terms and Conditions for details on how and when to submit Technical and Financial bids.

Required Specifications for the software/firmware upgrade

1. The software/firmware upgrade should include transmission measurement.
2. The software/firmware upgrade should allow the 6 GHz RF analyzer to behave as a network analyzer.
3. The software/firmware should enable the available pre-amplifier for spectrum and network analysis.
4. Software/firmware should be included for quick calibration of the instrument.
