President calls for shifting from fossil fuels to renewable energy

Mumrau also noted that the IITs have proved to the world the capability of India in the domains of technology.

Amar Ujala

‘Story of IITs is the story of free India’

President Murmu lauds the institutions for shaping the nation’s global standing from the fact that they had expanded beyond their traditional strengths in science and engineering by offering programmes in human sciences, design, management and public policy.

‘Education institutes should be future-ready’

FE BUREAU

New Delhi, September 3

President Droupadi Murmu on Saturday stressed on the need to make educational institutions future-ready, asserting that if the country takes steps to protect itself from vacancies of the future, it can reap rich demographic dividends.

The president was addressing the closing ceremony and felicitation of the Indian Institute of Technology (IIT) Delhi, which was postponed due to the COVID-19 pandemic.
