*invites you to a special talk on*

# “ENERGY AND EMISSIONS POLICY IN AUSTRALIA AND THE ROLE OF UNIVERSITIES”

### PROFESSOR ADRIAN PANOW

Director (Energy Transition Network)  
Industry Professor  
The University of Queensland

As the Director, Energy Transition Network at The University of Queensland, Professor Adrian Panow provides strategic leadership for energy transition research activities and corporate energy initiatives across the University to align research direction and internal capabilities with external priorities. Adrian has international private and public sector expertise in business and technology development, joint ventures, commercialisation, policy implementation and program leadership. Adrian has a Bachelor of Applied Science (Biochemistry/Applied Chemistry) degree, a Graduate Certificate in Business Administration, a Doctorate in industrial biotechnology and is a Graduate Member of the Australian Institute of Company Directors.

Previous roles include Director, Major Projects at the Melbourne Energy Institute; Director, Deakin Energy; senior leadership roles with the Victorian Government; and executive positions with Wannon Water, Flexible Drive, and Bonlac Foods.
