Implementing Agreement
for
Exchange of Ph.D. Students
between
Indian Institute of Technology Delhi (IITD)
and
Instituto Tecnológico de Buenos Aires (ITBA)

IITD and ITBA agree to establish a programme for exchange of Ph.D. students based upon the Memorandum of Understanding between the two institutions and in accordance with terms and conditions set forth in this implementing agreement.

IITD and ITBA agree that student exchange will be as per the guidelines listed below. A home institution refers to the institution where a student is a registered student, and from where he/she is expected to graduate. A host institution refers to an institution that receives a student for a brief period of time to undertake a pre-determined programme of research.

a) Exchange students will be selected by mutual agreement between the home institution and the host institution.
b) An exchange student will continue to be treated as a registered student at his/her home institution.
c) The exchange student will pay tuition and other fees at his/her home institution.
d) An exchange student will be considered as a student/visitor at the host institution.
e) The exchange will be for a period normally ranging from six months to one year. The exchange can take place at any time of the research programme.
f) The exchange student's area of research at the host institution will be determined by mutual consultation between his/her Research Guide at the home institution and his/her "interim" Research Guide identified by the host institution.
g) It is expected that the exchange student would normally have completed his/her course credit requirement at the home institution.
h) IITD and ITBA will make effort to maintain the reciprocity in numbers of exchange students over the period of the MoU. It, however, will not be insisted upon and will not be dependent upon the areas of research of the exchange students.
i) IITD and ITBA as host institution will make effort to provide suitable financial advice to the exchange students to bear expenses towards living costs including accommodation, food, transportation and medical insurance.
j) As a host institution, IITD and ITBA will make every effort to arrange for subsidized housing for exchange students.
This agreement will take effect from the date it is signed by representatives of the two institutions and will remain valid for the same period of the MoU.
