Memorandum of Understanding

between

Indian Institute of Technology Delhi
India

and

Polytech Clermont-Ferrand, Centre Universitaire des Sciences et Techniques de l'Université Blaise-Pascal, Clermont-Ferrand, France

This Memorandum of Understanding (MoU) is executed between the Indian Institute of Technology Delhi (IITD), India through its authorized representative, and the University Blaise Pascal (UBP), 34 avenue Carnot, BP 185, 63006 Clermont-Ferrand Cedex 1, France, hereinafter referred to as UBP, through its authorized representative, the President.

1. Preamble

The University Blaise Pascal (UBP) is a reputed and progressive university with a rich base in scientific manpower. The School of Engineering of the University of Borås (UB) has strong activities in teaching and research in a wide area of engineering activities. A platform for broad-based collaboration between the UBP and UB will be mutually supportive and beneficial for teaching, science, technology and innovation for both the institutions.

2. Purpose and Objectives

The purpose of this MoU is to create a framework for such a platform of collaboration with specific objectives as given below:

   a. To establish a close linkage and functional coordination between UBP, mainly Polytech Clermont-Ferrand, and UB.
   b. To establish a linkage between UBP and research institutes / IIT Delhi in India. UB will possibly help in establishing such links.
   c. To exchange the students between the two institutes for short term placement for project work.
d. To exchange the scientists and researchers between the two institutes for research work on projects of mutual interests.
e. To carry out joint research on topics of mutual interests.
f. To facilitate joint programs seeking funds for joint R&D/consultancy/sponsored projects in India, France/European Union.

This agreement does not involve any financial commitment from either side.

3. Review of MoU

a. This agreement is renewed for a period of five years from the date of signing. On expiry, the agreement is to be renewed according to the same procedure as that pertaining to its original adoption. One of the parties can give notice of termination anytime, at least six months before the decision of stopping the agreement. It is agreed that termination of this Agreement for any reason shall not affect the rights and obligations of the Parties accrued prior to the effective date of termination of this Agreement.

b. Any disputes arising will be settled by mutual negotiations between the two parties.

In witness thereof the parties have jointly signed executed this Memorandum of Understanding in three copies on the date and year written above.

This agreement jointly signed by the two institutions at dates indicated below is written in three copies, in English and in French, each having the same value.
